## Volume 295 (1993)

*Review*

Contrasting effects of SH-compounds on oxidative DNA damage: repair and increase of damage
M.V.M. Lafleur and J. Retèl (Netherlands) 1

*Research Papers*

Age-dependent increases of DNA adducts (I-compounds) in human and rat brain DNA
K. Randerath, K.L. Putman, H.H. Osterburg, S.A. Johnson, D.G. Morgan and C.E. Finch (USA) 11

Effects of aging and caloric restriction on the genotoxicity of four carcinogens in the in vitro rat hepatocyte/DNA repair assay
J.G. Shaddock, R.J. Feuers, M.W. Chou, R.A. Pegram and D.A. Casciano (USA) 19

Enhancement of age-related increases in DNA I-compound levels by calorie restriction: comparison of male B-N and F-344 rats
K. Randerath, R.W. Hart, G.-D. Zhou, R. Reddy, T.F. Danna and E. Randerath (USA) 31

Modulation of DNA breakage induced via the Fenton reaction
M.L. Muiras, P.U. Giacomoni and P. Tachon (France) 47

$G_2$ repair and aging: influence of donor age on chromosomal aberrations in human lymphocytes
J. Pincheira, C. Gallo, M. Bravo, M.H. Navarrete and J.F. Lopez-Saez (Chile, Spain) 55

Effects of energy restriction on age-associated changes of DNA methylation in mouse liver
Y. Miyamura, R. Tawa, A. Koizumi, Y. Uehara, A. Kurishita, H. Sakurai, S. Kamiyama and T. Ono (Japan) 63

Aneuploidy in human lymphocytes: an extensive study of eight individuals of various ages
F. Richard, A. Aurias, J. Couturier, A.-M. Dutrillaux, A. Flüry-Hérard, M. Gerbault-Seureau, F. Hoffschir, E. Lamoliatte, D. Lefrançois, M. Lombard, M. Muleris, M. Prieur, M. Ricoul, L. Sabatier, E. Viegas-Péquignot, V. Volobouev and B. Dutrillaux (France) 71

Age-related studies on the removal of 7-methylguanine from DNA of mouse kidney tissue following *N*-methyl-*N*-nitrosourea treatment
J.W. Gaubatz and B.H. Tan (USA) 81

Mitochondrial mutations, cellular instability and ageing: modelling the population dynamics of mitochondria
A. Kowald and T.B.L. Kirkwood (UK) 93

Enhanced DNA repair in lymphocytes of Down syndrome patients: the influence of zinc nutritional supplementation
M. Chiricolo, A.R. Musa, D. Monti, M. Zannotti and C. Franceschi (Italy) 105

Life span reduction and carcinogenesis in the progeny of rats exposed neonatally to 5-bromo-2′-deoxyuridine
V.N. Anisimov and G.Yu. Osipova (Russia) 113

Aphidicolin inhibits excision repair of UV-induced pyrimidine photodimers in low serum cultures of mitotic and mitomycin C-induced postmitotic human skin fibroblasts
H.J. Niggli (Switzerland) 125

Cell division, chromosomal damage and micronucleus formation in peripheral lymphocytes of healthy donors: related to donor's age
B.B. Ganguly (India) 135

**Special Issue**

## The Impact of Dietary Restriction on Genetic Stability

*edited by* R.W. Hart and A. Turturro

Preface: Dietary restrictions, free radicals, electrophiles and gene stability
R.W. Hart and A. Turturro (USA) 149

*Dietary Restrictions*
Modulation of toxicity by diet and dietary macronutrient restriction
A. Turturro, P.H. Duffy and R.W. Hart (USA) 151
Protein restriction (PR) and caloric restriction (CR) compared: effects on DNA damage, carcinogenesis, and oxidative damage
L.D. Youngman (USA, UK) 165
Modulation of oxidative DNA damage levels by dietary fat and calories
Z. Djuric and D. Kritschevsky (USA) 181

*Formation of Free Radicals and Electrophiles*
Caloric restriction, aging, and antioxidant enzymes
R.J. Feuers, R. Weindruch and R.W. Hart (USA) 191
Effects of caloric restriction on rodent drug and carcinogen metabolizing enzymes: implications for mutagenesis and cancer
M. Manjgaladze, S. Chen, L.T. Frame, J.E. Seng, P.H. Duffy, R.J. Feuers, R.W. Hart and J.E.A. Leakey (USA) 201
Effect of caloric restriction on the metabolic activation of xenobiotics
M.W. Chou, J. Kong, K.-T. Chung and R.W. Hart (USA) 223

*Genetic Stability*
Effect of dietary restriction on DNA repair and DNA damage
V. Haley-Zitlin and A. Richardson (USA) 237
Biomarkers of aging: correlation of DNA I-compound levels with median lifespan of calorically restricted and ad libitum fed rats and mice
K. Randerath, G.-D. Zhou, R.W. Hart, A. Turturro and E. Randerath (USA) 247
Age-related changes in expression and activity of DNA polymerase $\alpha$: some effects of dietary restriction
V.K. Srivastava, S. Miller, M.D. Schroeder, R.W. Hart and D. Busbee (USA) 265

*Gene Expression*
Effects of caloric restriction in animals on cellular function, oncogene expression, and DNA methylation in vitro
B.S. Hass, R.W. Hart, M.H. Lu and B.D. Lyn-Cook (USA) 281
